★★★★ A new companion for my Brother With MS

By Roy Estaris on December 1, 2016

Configuration: Echo Dot | Color: Black | Verified Purchase

My brother Robert who has been bed ridden and paralyzed with Multiple Sclerosis from his neck down for more than 30 years now has a new friend named Alexa! He was in tears with happiness when Alexa played 70's music, played Jeopardy, answered all his questions and wakes him up every morning. Thank you Amazon for giving my brother a new bedside companion.

Happy Holidays Roy
